

# Guidelines to a Safe Reopening of Golf in Pa.

The **Pennsylvania Alliance for Golf** embraces the opportunities for the successful reopening of golf, and maintaining a safe environment for all staff and golfers to maintain our open status during this pandemic. Even in these unprecedented times, with the COVID-19 threat affecting all aspects of life as we know it, golf is available as an outlet for people to exercise and provides one of the few respites from the confines of home. With vast areas of open space containing green grass, ponds and trees, a golf course can provide the ability for social distancing.

The Pennsylvania Alliance for Golf is committed to doing all it can to support our constituents by being a resource of information and a clearinghouse of best practices that will provide guidance to any and all facilities, operators, golf professionals, club officials and stewards of the game. As golfers and industry operators, let's all do our part to keep the game and our loved ones safe.
